

REGENERON®

#14

Gregory Barnes

Vice President and Chief Information Security Officer
Regeneron

Current sector roster supports role. Health-ISAC says chair; RSAC bio says vice chair. Use direct roster for current chair; ask for reconciliation. **Current-role source**

Direct business email and telephone: not publicly verified.

Public professional route: named role biography. Personal LinkedIn URL remains unverified.

Source: health-isac.org

Work base: Not established from reviewed sources. Actual work base, DC access and willingness require direct confirmation.

Recommendation and rationale

First-group qualification. Health-ISAC chair, historical sector-coordinating role and healthcare workforce/resilience contribution.

Research rank #14 - Priority qualification. Final research recommendation for this pass; ISA selection and outreach approval pending.

Company capacity and proposed benefit

FY2025 revenues approximately \$14.3bn. **Source: investor.regeneron.com**

Proposed company benefit: Stronger continuity and innovation-protection decisions informed by healthcare dependencies.

Proposed executive benefit: Cross-sector policy dialogue and peer input on healthcare collaboration and workforce priorities.

What This Recruit Could Add to ISA

Create a healthcare resilience case identifying external dependencies, critical services and workforce constraints. **Source: www.highmarkhealth.org**

Handbook connection: Tool B 37-40; H 57-59. Proposed output and benefits require agreement. **Source: www.nacdonline.org**

Introduction and next decision

No named introducer established. ISA to designate an approved contact route; no private relationship inferred.

ISA to reconcile account status and route; then validate current remit, contribution, corporate payer and participation directly.

Policy history and board-selection fit

Industry advocacy / collaboration: Healthcare ISAC and workforce advocacy in historical employer interviews; specific policy engagement remains to be established.

Current public roster; reviewed October 12, 2026 - Board of Directors. Health-ISAC identifies Barnes as chair, Regeneron CISO and former healthcare payer-subsector SCC chair. Source: health-isac.org

Verify exact current duties; association leadership is distinct from an attributable legislative submission.

Benchmark: ISA recommendations, current ISA board practitioner profile, operating authority, company capacity, attributable policy work, concrete contribution, and portfolio balance. Corporate directorship alone does not determine priority.

Qualification status and ownership

Requirement	Evidence and remaining confirmation
Current role	Public role support; recheck directly before contact; direct confirmation pending.
ISA membership	Unknown current company/account and designated-representative status. Public board absence does not establish nonmembership.
Eligibility	Operating practitioner fit supported by research. ISA acceptance and employer designation pending.
Board feedback / introducer	No named introducer established. Introduction completion: not confirmed.
Corporate sponsorship	Published annual dues \$75,000; corporate payer, budget approver and written authorization not confirmed.
Executive interest	Not directly confirmed. Published interest in cyber topics is not membership interest.
Time / participation	Four meetings yearly, including two in Washington, DC and two virtual, plus agreed preparation. Availability, travel and term commitment not confirmed.
ISA output and benefits	Person-specific hypotheses documented; prospect and employer acceptance not confirmed.
Portfolio	Industry/expertise rationale assessed. Work base and DC access require direct confirmation.

ISA public board / meeting baseline | Bylaws | Published sponsorship

1631 owns researched case and source accuracy; ISA owns current membership/eligibility/introducer decision; employer/prospect must confirm funding, interest, availability and proposed output.
