

#48

Scott T. Nichols

Director, Global Product Privacy and Cybersecurity
Danaher

Public role source revisited. Employer/self sources and association/event biographies are distinguished; direct role acceptance is not established. **Current-role source**

Direct business email and telephone: not publicly verified.

LinkedIn profile | Named professional biography / public route

Work base: Not established from reviewed sources. Actual work base, DC access and willingness require direct confirmation.

Recommendation and rationale

Hold for own commentary/individual priorities. Product-privacy/security remit and report contributions; no own commentary or enterprise sponsorship established.

Research rank #48 - Sponsor / remit qualification. Final research recommendation for this pass; ISA selection and outreach approval pending.

Company capacity and proposed benefit

Global life-sciences and diagnostics group; FY2025 issuer results available. **Source:** investors.danaher.com

Proposed company benefit: Potential Danaher case on operating-company product assurance; no personalized benefit validated.

Proposed executive benefit: Potential opportunity to contribute product-security governance experience.

What This Recruit Could Add to ISA

Possible product privacy/security-by-design case; own substantive commentary is still missing. **Source:** www.rsaconference.com

Handbook connection: Tool H 57-59. Proposed output and benefits require agreement. **Source:** www.nacdonline.org

Introduction and next decision

No named introducer established. ISA to designate an approved contact route; no private relationship inferred.

ISA to reconcile account status and route; then validate current remit, contribution, corporate payer and participation directly.

Policy history and board-selection fit

Policy research lead: Medical-device cybersecurity report contributions/credits are leads; no attributable personal policy position is established.

No additional authoritative policy-history evidence was established in the deeper check. This is an evidence gap, not proof of no policy involvement.

Benchmark: ISA recommendations, current ISA board practitioner profile, operating authority, company capacity, attributable policy work, concrete contribution, and portfolio balance. Corporate directorship alone does not determine priority.

Qualification status and ownership

Requirement	Evidence and remaining confirmation
Current role	Public role support; recheck directly before contact; direct confirmation pending.
ISA membership	Unknown current company/account and designated-representative status. Public board absence does not establish nonmembership.
Eligibility	Conditional representative fit. ISA acceptance and employer designation pending.
Board feedback / introducer	No named introducer established. Introduction completion: not confirmed.
Corporate sponsorship	Published annual dues \$75,000; corporate payer, budget approver and written authorization not confirmed.
Executive interest	Not directly confirmed. Published interest in cyber topics is not membership interest.
Time / participation	Four meetings yearly, including two in Washington, DC and two virtual, plus agreed preparation. Availability, travel and term commitment not confirmed.
ISA output and benefits	Person-specific hypotheses documented; prospect and employer acceptance not confirmed.
Portfolio	Industry/expertise rationale assessed. Work base and DC access require direct confirmation.

ISA public board / meeting baseline | Bylaws | Published sponsorship

1631 owns researched case and source accuracy; ISA owns current membership/eligibility/introducer decision; employer/prospect must confirm funding, interest, availability and proposed output.

Image and contact provenance

Company mark: Exact named source asset; manually selected Source: www.danaher.com

Attributable commentary and evidence ledger

0 / 10 substantive sightings recorded. Depth target remains open; no biographies, awards or duplicate syndications added to fill the gap.

Substantive personal commentary is still missing. Obtain a source-backed operating and policy perspective before personalizing outreach.

Events and topic interest - not counted

Organizer listings and short reactions are research leads. They do not establish delivered remarks or ISA interest.
